BOOK SYNOPSIS

The values we hold dear, like life, liberty, and the pursuit of happiness form the foundation of who we are as a people and a nation. Our traditions and laws are based on these values and were originally designed to preserve human dignity. In my opinion, human dignity is as vital to life as the air we breathe and the water we drink. Without it, life perishes. As you will discover in this book, Agenda 21 believes you are a nuisance. Your very existence represents a stumbling block to a master plan that equates human life to a colony of ants, where the rights of the individual and human dignity are defined by servitude, not freedom, and where personal ambition must be expended for the greater good.
